

## **EXORCISM (1977)**

The Committee, as directed by the Conference, has given further consideration to this issue and reached the conclusion that the time is not opportune for a more extensive theological statement than that submitted by the Division of Social Responsibility to the Conference of 1976 (*Agenda* 105-7). The Committee nevertheless expresses its willingness to consider any specific questions on the subject of Exorcism or related matters that may be addressed to it.
